1. New Features in Minitab Workspace 1.4.4

New Templates for 8D Methodology

The new 8D Project template and four new 8D forms are now available. Use the 8D Project template to conduct a project according to the eight disciplines (8D) for identifying, correcting, and preventing recurring problems. The 8D Project template includes the following new forms, which can be used in the project or on their own: CATWOE, Communication Plan, Impact Analysis, and Is/Is Not.

Updated Terms and Conditions

Terms and conditions have been updated with this release.

2. Problems Resolved in Minitab Workspace 1.4.4

The following issues are resolved in Minitab Workspace 1.4.4.

- The Copy X/Y Variable dialog box does not filter correctly. (203981)
- In the Pairwise Comparison Matrix, when the “Importance Rating” is out of range in the “Adjustments” table, text does not show in the “Warnings” table in Chinese, Japanese, and Korean translations. (231063)
- Extra quotes in the German translation cause a formula parsing issue in the Project Prioritization Matrix. (234055)
- This release provides a bug fix for the desktop sign-in process on some browsers. (241223)

3. Known Problems and Workarounds

Item 1

Creating team members from Address Book on the Team Members & Roles form does not support 64-bit Outlook. (180074)

WORKAROUND: Enter team members manually.

Item 2

The desktop app might crash when there are many large images in a Rich Text Box on a form. (182323)

WORKAROUND: Divide the images up among multiple Rich Text Boxes.

Item 3

The Monte Carlo Simulation's "Edit Model" page opens and performs slowly when there are many equations in the model. (182400)

Item 4

Using the calendar's date picker when the regional setting's date format does not follow the western calendar results in the wrong year. (182136)

WORKAROUND: Manually type the date instead of using the date picker.

Item 5

Copying items on a form when using Remote Desktop causes the application to crash. (178344)

Item 6

On a form, adding a row below an optional section in a layout table causes the application to crash. (182384)

Item 7

The spell checker does not work for non-English default dictionaries in forms and brainstorming tools. (178764)

Item 8

On process maps and value stream maps, when the fill of a shape is a color and the font is set to white, the text is not visible in edit mode. (183145)
